VINTAGE REPORT 2008

The weather in 2008 was quite normal, with a good rainfall until the end of June.

A mild summer, with temperatures that were high but never excessive, favored the development of good acidity and moderate alcohol level.

The harvest began at the end of August with the Merlot of the Florentine vineyards, and finished in late October, with the Petit Verdot of Panzano.

Total production	23.000 BOTTLES
Release date	Autumn 2011
Alcohol degree	13%
Total acidity	5,75 g/l
Ph	3,5
Dry extract	29,84 g/l
Total poliphenol content	2.920 mg/l
